Drink Local Drink Tap is a not-for-profit organization that works domestically in Northeast Ohio and internationally in Uganda to improve water equity and quality. Since its founding in 2010 over 46,802 people now have access to clean water and 16,082 people have sanitation as a result of Drink Local Drink Tap's water infrastructure projects in Uganda. With the help of Cleveland-based volunteers and staff members, Drink Local Drink Tap has removed over 15,154 pounds of trash through Lake Erie beach cleanups and engaged over 21,500 young people.

When you sponsor the Drink Local Drink Tap Annual Giving Splash Party, you make sure that all of our clean water work is possible. Thank you for amplifying your impact this year and for making waves near and far.
